

Tanner Neidhardt Law

Website, Brand and Search Relaunch

Overview

Tanner's credentials are elite — former district judge, 150+ jury trials, UT Law professor, a \$4.5B arbitration. His web presence hasn't caught up: his own site doesn't appear on page one of his name, and nothing online reflects what he offers now.

This engagement rebuilds the foundation in **one dedicated month** — website, brand, and search together — then keeps the momentum going with an ongoing presence that fills page one with who Tanner is today.

Scope of Work

- **Brand refresh** — a proper TN monogram + wordmark system, refined palette and typography, one-page brand sheet
- **Website rebuild** — full overhaul of tannerneidhardtlaw.com on his existing Squarespace (his address and its history stay)
- **Search foundation** — page titles, descriptions, schema, Google Search Console, sitemap — so Google finally knows who he is
- **Media & recognition** — a dedicated page linking Tanner's press, honors, and speaking, front and center
- **Identity cleanup** — directory corrections (Avvo, FindLaw, and four more), LinkedIn refresh, Google Business Profile
- **Campaign domain rescue** — recover tannerfortexas.com in Tanner's name and redirect it into the law site
- **Social media cleanup** — handles, bios, and profile art brought into the new brand (add-on, priced overleaf)
- **Ongoing presence** — monthly posting and content once the foundation is live (options overleaf)

The Website Month

WEEK	FOCUS
Week 1	Brand refresh + gathering: Tanner call, good-press list, photos, access
Week 2	Site rebuild: new structure, polished copy, imagery, credentials up front
Week 3	Search foundation + directory corrections + domain redirect
Week 4	Review together, refine, launch

What the new site includes: a homepage that leads with Tanner himself — name, face, and "Former Judge & Trial Strategist" — with a credentials strip; the About story told properly; a unified arbitration page; the Media & Recognition page; a Trial Workshop section ready for future articles; and a real footer with phone, email, and bar information.

Good press, front and center. Tanner knows his best coverage — the judicial appointment, his court-transparency livestreams, his teaching. On our call we'll build that list together, link it from the Media page, and make it part of what search engines and referrals find first.

After the Website — Social Media

Cleanup (one-time): rename @tannerfortexas to a professional handle — the 11,000 followers carry over — and refresh bios, links, and profile art across Instagram, X, YouTube, and LinkedIn so every profile matches the new brand.

SOCIAL PRESENCE

\$850/mo

8–10 posts per month, LinkedIn-first · profile management · monthly search + traffic report

PRESENCE + CONTENT ENGINE

\$1,250/mo

Everything in Social Presence · two "Trial Workshop" articles each month, cross-posted as a LinkedIn newsletter · one media or speaking pitch each month

Either option includes a 90-day check-in — what's working, what to adjust, and whether the scope should evolve.

Steps to Move Forward

1. **Review this proposal** — questions welcome anytime.
2. **Deposit to begin preliminary work** — due between August 12 and August 15; the build month is reserved on receipt.
3. **A 30-minute call with Tanner in that same window** — his goals, his good-press list, and a short access checklist (Squarespace, domain, photos).
4. **The website month** — the four-week build; launch about four weeks from kickoff.
5. **Going forward** — choose an ongoing option; social cleanup can run during Week 4.

Investment & Engagement

Effective on deposit · deposit due August 12–15, with preliminary work beginning right away · website launch mid-September.

Website, Brand & Search — one dedicated month

Standard engagement value: \$5,000+ (not your rate)

\$3,000 flat friends & family rate

Structured as a flat month rather than hourly billing — the meter never runs while we build.

Payment: \$1,500 deposit to begin · \$1,500 at website completion

- **Social media cleanup** — \$500 one-time
- **Ongoing posting** — \$850/month or \$1,250/month, chosen after launch
- Anything outside this scope bills at the friends & family hourly of **\$75** (standard \$125–\$150).
- The rescued domain (~\$20/year) is registered in **Tanner's name — his asset, always.**
- A half-day photo shoot is recommended; I'll coordinate the shoot, with photography billed separately.

Payments

Can be made by check or via secured credit card link, whichever is preferred.

Payable to: Collie Farley · 117 Kenwood Ave., Boerne, TX 78006

Invoices arrive by email; the deposit invoice comes with approval.
